

CAMBRIDGE PLACE
SENIOR CARE

Inspired by our understanding of seniors and their needs, we strive to serve each person and his or her family uniquely, individually and holistically. We strive to create a compassionate community that enhances the quality of life for those whose lives we touch.

Assisted Living | Skilled Nursing | Memory Care

Live in style. Live in comfort.

Locally Owned, Family Operated

Cambridge Place is owned by Blue Valley Health Care. Together with our sister facility in Blue Rapids, we are the largest provider of long-term care, skilled nursing, memory care and assisted living in Marshall County.

The board of directors is composed of local residents who are committed to providing the best senior care available in the area. Cambridge Place is managed by Arbor Springs Management Services, an organization whose commitment to senior care is and has been its life's work for nearly five decades.

The management and caregiving teams at Cambridge Place are professionally trained in the most advanced approaches to dealing with the elderly. Their years of experience plus the home-like environment make Cambridge Place the high-quality, high-value senior care facility in Marshall County.

Largest Provider in County

Local owners

Decades of experience

Professionally trained
care teams

On-site nurses 24 hours a day

Medicare certified

On-site physical, occupational and
speech therapy

Experience a high level of courtesy and compassion.

Enjoy a life where everyday tasks are taken care of in a community where older adults can thrive.

Quality Care

Holistic care based on decades of experience with the elderly and their families

Cambridge Place serves its residents holistically, with appropriate medical care and support; a home-like, secure and comfortable physical environment; an engaging social environment; and care giving that supports the needs of individual residents and their quality of living. Our care helps residents achieve a meaningful life as they age.

The Cambridge Place care model is administered by a management team, caregivers and medical professionals who are professionally trained in the latest caregiving techniques. Over time, we often become part of the resident's extended family. This gives us a personal stake in the resident's well-being and is the reason we created a care facility that is personal, warm and inviting, with features that include an on-site beauty shop, gym, outdoor patio and chapel.

Features

Spacious, comfortable, secure rooms and apartments

Warm, home-like common areas

Nutritious and delicious food service

Convenient on-site personal services

Easily accessed transportation

Activities that keep residents engaged in life

Amenities, accents and appointments — all to make everyday living more enjoyable.

Lots to do.

Strength-building rehabilitation.

Resident-centered Service

With all our services under one roof, moving a resident to a different care level is as easy as moving down the hall to a space and staff he or she already knows.

Assisted Living

Our assisted living emphasizes living. We help our residents maintain their independence, while at the same time providing them the security of excellent health care support in a comfortable, home-like setting. Our all-inclusive assisted living features no buy-in or entrance fees.

Skilled Nursing and Rehabilitation

Our therapists and nursing staff work with their patients daily to help them get stronger. From exercises to strength-building nutrition, our skilled nursing and rehabilitation services help body, mind and spirit, enabling faster recovery and return to active living.

Memory Care

Cambridge Place has a specially designed wing enabling us to provide a home-like, safe and secure setting for those who have dementia or Alzheimer's disease. Our state-of-the-art program helps these residents remain active and productive for as long as they are able.

Hospice

As life comes to an end, there are decisions that families have the opportunity to make. Among them is choosing a caring partner to walk with those last few miles. With our hospice services, we may not be able to add days to a resident's life, but we can help add life to his or her days.

Services under one roof

Home-like atmosphere

20 assisted living suites

56 skilled nursing beds

Physical, occupational and speech therapy

Dining options

Senior day services

A Picture Postcard Small Town

Marysville, Kansas

Marysville is the county seat of Marshall County. It offers the warmth and caring that small rural towns are known for. It is a community with a wonderfully friendly atmosphere that is also known for its excellent health care services and support.

Community Memorial Healthcare is five minutes from Cambridge Place. It is a state-of-the-art medical facility offering inpatient and outpatient treatment, rehabilitation, transitional care, home health, wellness and education. Marysville medical clinics provide specialists from all medical disciplines. What is most unique is the way they work together with Cambridge Place staff to bring the best care possible to our residents and their families.

Cambridge Place is Marshall County and Marysville's hometown senior care center.

Less than 60 miles from Manhattan, 104 miles from Topeka and 164 miles from Kansas City
